

## MHS/MFHS Band Fee Agreement Form

I have read and I completely understand the information presented to me concerning my student's responsibility related to the Band Fee as consideration for being permitted to participate in the MHS Band Programs. I understand that if my student participates in fundraising, he/she becomes responsible for all items checked out until the money collected from the sale of those items, or the items themselves, have been returned. With respect to fundraisers in which sales inventory or tickets are checked out and delivered to the student and/or parent, the student and parent are financially responsible for, and agrees to pay to the Midland High Band Boosters, Inc, the full retail sales price of any item(s) not returned or for which payment is not received.

I am aware that my Student and I are responsible for receiving receipts any time that money is delivered to an authorized Booster Club representative. I also understand that my student and I are responsible for keeping these receipts for our records. Students will not be allowed to begin new fundraising projects until all money, and/or items from previous projects have been returned. I understand that if my student does not participate in fundraising, my student and I will be responsible for making payments to satisfy the Band Fee obligation.
